EXPERIENCE

E-Cell   **Sept 2022 – Jan 2023**
- I am an Ex-member of Entrepreneurship Cell in my college. I have worked as a UI/UX Designer. Our team have achieved 4th rank out of 975 teams in whole country in a basic track of Nation Entrepreneurship Challenge (NEC hosted by IIT Bombay).

Web Development   **Nov 2023 – Dec 2023**
- I have developed fully Responsive and look & feel My Portfolio website UI using HTML, CSS and JavaScript technology.

PROJECTS

MedTech | AI Enhanced HealthCare System | React Js, Tailwind CSS
- This is our Hackathon project hosted by Government Engineering College Gandhinagar. so I have worked as a frontend Developer and create a logo, attractive, user-friendly web pages.
- Maintain patients' critical data in encrypted form.
- Doctor's power enhanced with AI to summarize patient symptoms and predict disease.
- Admin to maintain integrity and approving process of the doctor.

AI Interior Design | React Js, Tailwind CSS
- This is also my second hackathon project hosted by Parul university Vadodara. I have created look & feel web pages using React Js and tailwind css.
- User can choose a room type, design or style and also give additional info. as a prompt.

Advanced Farming Support System App | React Js, Tailwind CSS
- It includes tools like: Find Resources, Gov-Schemes, Argo-Posts, Plant Disease Prediction, Realtime APMCs Market Price, Weather Prediction, Chatbot
- Developed a React js web app which looks like fabulous website.

EXTRACURRICULAR

- I have participated in many Tech-fests and other sports activities (Chess, Carrom, Badminton, Cricket).
- Participated in web development and personality development program by Club IDE. (4 months)
